PERSONAL PROJECTS

Booky View
- Now I have recently built a MERN stack project which comprises of Front-End, Back-end and Database components.
- This is website where we can find a lot of books and reviews.

GyanDaan
- Gyandaan is a website to help students who can't afford coaching classes. Here both students and volunteers/mentors can sign up.
- This is website is made using frontend technology React JS and Firebase framework.

Escuela
- Escuela is a web application to record and monitor student both academic as well as extra curricular activities.
- This is a MERN stack website with the MongoDb as database, Express as Web Framework, React for Frontend and Node for Web Server.

INTERNSHIP PROGRAM

Student Intern - Full Stack Development
Edureka

07/2021 - 11/2021
Achievements/Tasks
- Built a Responsive Home Page which automatically adjust to various screen sizes.
- Created a full fledged user-friendly upscaling online food ordering website with payment integration.
- Became the super intern by performing well in the evaluation and by completing all my work on time.

SKILLS

Communication   Programming   Team Player

Multi-tasking   Constant Learning   Adaptability

ACHIEVEMENTS
